Rotary Around the World

For the third consecutive year, the Rotary Club of Bisbee, Arizona, sponsored "Our Kids Day," a community event that promotes fun and safety. More than 200 children attended to learn about such topics as fire prevention and bike and electrical safety. The Rotarians also provided bike helmets to those in need.

Twenty-five other organizations also participated in the event, including the county health department, which provided free immunization screening; Project BUTT, a community-based anti-tobacco program; and the sheriff's department, which fingerprinted the children. Entertainment included clown shows, games and horseback rides.
