Hanson**  
Oct 19 BSU Basketball Coaches – Matt  
Bowen & Mike Curfman

**ROSE SALE FUNDRAISER IN JEOPARDY !**

*Rotarian Karson Otness is unable to continue as the Rose Sale Chairman. As you all know, Karson has done a wonderful job for the club as the chair of this very important fund raiser.*

*What we need in order to make this a successful program, is for a number of club members to step forward at assume a leadership roll. We need 5-6 people to be in charge of a portion of the event. Some jobs are only for one day, some are for the duration on the event.*

*Should we not get members to step forward, we might have to cancel the sale. Should that happen, we will be unable to fund many of the local programs that we normally contribute to.*

*Please consider giving up a portion of your time to make this event happen. We will meet and make a final determination on Monday Sept.14. Your comments and support are needed.*

**SEPTEMBER BIRTHDAYS**

<b>Scott Turn</b>	Sept 7
<b>Paul Richards</b>	Sept 10
<b>Brad Wahl</b>	Sept 14
<b>CarolAnn Schlemper</b>	Sept 18

<b>Evonne McKinzie</b>	

**ROTARY AROUND THE WORLD**

**CANADA** – Food Fight! The Rotary clubs of Norfolk Sunrise and Simcoe, Ont., challenged each other to collect money and supplies for local food banks in April. For several weeks, the Rotarians built interest in their battle with the help of newspapers and radio stations, encouraging the community to make donations. On the day of the event, one radio station broadcast live from the collection point. The clubs brought in a combined C\$3,480 and 6,129 pounds of food. In the end, Simcoe conceded defeat and agreed to host Norfolk Sunrise at a barbecue dinner.

**INDIA** – The Rotary Club of Bombay Northwest has immunized more than 5,000 women of child-bearing age against rubella over the past four years. Rubella, also known as German measles, can cause miscarriage or serious birth defects if a woman is infected during the first trimester of pregnancy. The club has conducted vaccination events targeting women ages 18 to 28. The cost of a single dose of the vaccine is about US\$0.80.
